**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am the customer of a competitive provider. I'm grateful that I can choose a provider rather than having only one choice. In Europe internet prices are 1/3 of what they are in the US. It's very very cheap to provide internet. The reason for our high prices is the power consolidation and deregulation. I choose a small local provide to push against this destructive tendency which the FCC has not protected me from. The FCC it seems to fight much harder for AT&T and other corporations than it does the interests of the people.

I have an internet business and broadband is essential to my operations.

I SUPPORT BROADBAND COMPETITION!
